CAPITAL WIND FARM

Infigen Energy (ASX: IFN) notes recent reports and media enquiries in relation to its 140.7 MW Capital wind farm in New South Wales, Australia.

Infigen has engaged advisors and is currently investigating the market appetite for the potential sale of Capital wind farm. The process is at an early stage and there is no certainty that a transaction will occur as a result of the current activities.

Infigen will continue to explore and assess all options that will contribute to better value recognition of its assets and business.

About Infigen Energy

Infigen Energy is a specialist renewable energy business. We have interests in 24 wind farms across Australia and the United States. With a total installed capacity in excess of 1,600MW (on an equity interest basis), we currently generate enough renewable energy per year to power over half a million households.

As a fully integrated renewable energy business in Australia, we develop, build, own and operate energy generation assets and directly manage the sale of the electricity that we produce to a range of customers in the wholesale market.

Infigen Energy trades on the Australian Securities Exchange under the code IFN.
